**Description:** The house called Bamboo Hill and designed by Lars Bolander was chosen as the 2020 Palm Beach show house by the Kips Bay Boys and Girls Club and has roared onto the housing scene after a complete redo. The residence which is Dutch and South African inspired is again the most exciting property in the Palm Beaches. Nothing comes close to its beauty and charm or resonates such south seas classic exoticism. ( Think Somerset Maugham's stories). It will be featured in the March issue of Veranda magazine where every room will appear. It's tropical sensibility enchants its visitors beginning with the entry which has a two toned mural of leafy bamboo painted by noted artist Austin Kerr. The double height living room brings to mind a Hollywood star in its total glamour and sophistication.
